

Challenges and Opportunities Specialist Organisations Face

Developing a Pilot with Non-Specialist
organisations

Considerations

- ▶ Who is your audience – what is the optimum collaborative partnership?
- ▶ What are your shared priorities?
- ▶ What are your shared outcomes?
- ▶ What are your partner's individual outcomes?
- ▶ Are you aligned?

Benefits and Challenges

- ▶ Identifying the audience, will help to steer who we are best suited to partner with.
- ▶ What do think the benefits and challenges are for working with..
 - Police
 - Health
 - CJS
 - Victim's Services

Dispelling Myths

- ▶ What does the partner service understand about DVPPs. What are the myths?
- ▶ What do they think we can achieve?
- ▶ Do they understand and support how we operate?

Who needs it anyway?

- ▶ Identifying the need is key in supporting applications to fund pilots.
- ▶ Why is this important?
- ▶ What are the challenges?
- ▶ How do we do that?

The language BARRIER

- ▶ How can language change the direction of the pilot's success or failure.
 - Terminology – offender vs perpetrator
 - Shared meaning
 - Shared aims
 - How do we communicate it
